

# ENVIRONMENTAL POLICY

Eco-Power Environmental Limited recognises that its business activities interact with the environment in a variety of ways. These activities have a significant impact in the key areas of:

- Management of waste accepted and generated at the company sites
- Fuel usage

The Company recognises that it has a responsibility to help protect the environment wherever it has an opportunity to do so, be a responsible neighbour and to provide a comfortable environment for its employees to work in.

As such, the Company is committed to:

- Continual improvement in the environmental impact of its business activities
- Improving the environmental benefits provided by its waste management operations
- Preventing pollution
- Complying with all relevant legal, customer, and other third party requirements
- Establishing measurable environmental and business objectives that are consistent with the context and strategic direction of the organisation and addressing risks and opportunities associated with them;
- Achieving objectives to help minimise its environmental impact;
- Adopting best practices applicable to its activities wherever practicable

The Company will achieve these commitments by:

- The implementation and maintenance of an Environmental Management System that is independently certified as compliant with ISO 14001:2015
- Employing processes that identify the aspects of the Company's business that have an environmental impact and the significance of each aspect
- Maintaining an environmental performance improvement programme to enable the objectives to be achieved
- Ensuring that its employees, suppliers and customers are aware of their role in supporting the Company's commitments and environmental objectives
- Training its employees in good environmental protection practices and encouraging employee involvement in environmental improvement initiatives
- Maximising waste recycling and recovery, where economically viable, in order to minimise the quantity of waste going to landfill
- Maintaining and operating both transport and machinery so as to minimise fuel usage.
- Monitoring the environmental impact of its business activities

The implementation of this Environmental Policy is fundamental to the success of the Company's business and must be supported by all employees as an integral part of their daily work.

This Policy is publicly available to interested external parties upon request.
